MILVERTON HOUSE

Date:1 April 2026

Dear

MILVERTON HOUSE - Proposed fire safety building works

We are writing to let you know about some proposed fire safety and building improvement works to your block. Although the works are not due to take place until Spring 2027, we want to let you know early on what will be happening and how the works may impact on you.

The works to Milverton House will include:

- New property entrance doors
- New communal fire doors
- Fire stopping in communal areas

We expect to appoint a contractor early in 2027 and will know more about how the works will be undertaken then. We will work closely with you and the contractor to ensure any disruption is kept to a minimum, but you will need to provide access to your home when we replace your flat entrance door.

If you have any questions or concerns about the proposed work, you can contact us on the details above or visit us in the Somerstown Area Housing Office on Friday 25 September 10am to 2:30pm

Yours sincerely,

Tom Sullivan
Principal Building Surveyor
