**B) CITY COUNCIL'S REASONS FOR MAKING THE ORDER**

It has been proved that the speed at which vehicles travel is directly related to the severity of injuries sustained by casualties resulting from a road traffic accident. For this reason it is considered essential that vehicles travelling through the congested narrow residential roads within the City should be restricted to 20mph. This speed is appropriate for the type and nature of these roads and would improve road safety for pedestrians and cyclists, particularly for children and other vulnerable road users.

The deadline for comments on this order has now passed.
