

Vehicle inspection and testing report

P = PASS A = ADVISORY F = FAIL

Testable item		P	A	F	Reason for failure or advisory*
1 Lighting equipment	Front / rear lamps				
	Headlamps and aim				
	Stop lamps / fog lamps / reflectors				
	Direction indicators/hazard lamps				
	Registration plate lamps				
2 Steering & suspension	Steering controls / mechanism				
	Power steering				
	Transmission shafts				
	Stub axle assemblies				
	Wheel bearings				
3 Brakes	Front / rear suspension & shock absorbers				
	ESC system condition				
	ABS warning system/controls				
	Service brake condition				
	Parking brake condition				
	Service brake performance				
4 Tyres & wheels (including spare)	Parking brake performance				
	Service brake balance				
	Tyre type/size				
	Tyre condition				
Notes: 1. Vehicles presented with 'space saver' spare tyres fitted to one of the 4 road wheels will not be tested. 2. Vehicles with no spare wheel must have an approved emergency tyre repair kit immediately available. 3. For stretch limousines/novelty vehicles the tyre rating and load index must be compatible for the vehicle size, weight and design.					
5 Seat belts	Roadwheels				
	Security of mountings				
	Condition				
	Operation				
	SRS malfunction lamp illuminated				
6 Vehicle body & structure	Airbag present & operational				
	Body condition exterior generally				
	Body condition interior generally				
	Seats/upholstery/carpets/cleanliness/odour				
	Interior lights/motion door locks/warning lights (inc. all passenger controls/switches & grab handles)				
	Boot for cleanliness, security, water leaks etc				
	Doors & designated exits				
	Registration plates, licence plate & VIN number				
7 Exhaust, fuel & emissions	Towbar condition				
	Exhaust system				
	Exhaust emissions				
	Fuel system & security				
8 Driver's view of the road	Engine noise				
	Mirrors				
	Wipers & washers				
	Windscreen				
	Glazing generally / tinting				
	Driver's view of road generally				
	All driving controls and horn				
9 General	Speedometer				
	Under bonnet generally				
	Oil & water leaks				
	Battery / electrical wiring				
	Engine & transmission including mounts				
	Luggage space				
	TAXI roof sign security, illumination & decals				
	Livery fitted & in good visual condition				
	Fire extinguisher present and serviceable				
	Wheel trims fitted				
	Fare chart displayed				
	'No smoking' stickers evident				
	Windscreen and interior licence number displayed				
10 Wheelchair accessible vehicles	Byelaws available (HCV only)				
	Meter installed – test and seal				
	Wheelchair restraints, operation & security				
	Wheelchair ramp availability, storage & accessibility				
	Wheelchair logo affixed to rear licence plate

Tick as appropriate

- = Poor (unsuitable)
- + = Average
- = Satisfactory
- = Excellent (like new)

Inspection result

- PASS** – Stamp white book
- FAIL** – See reasons for failure.
- Note: vehicle must not be used until all failures have been satisfactorily repaired.**
- FUTURE TESTING** – I recommend that this vehicle is tested every:
- 12 6 4 months

Authentication stamp

Signed

(vehicle examiner)

Date of pass

***Licensed vehicles are subject to higher mileage and general wear and tear associated with hire and reward use. Accordingly, in assessing the overall mechanical condition, any advisory item which would normally pass an MOT could result in a test failure and refusal to issue a compliance certificate.**
