Date: 6th July 2026

Dear

Hawthorn Crescent (475 - 545) - Planned maintenance project drop-in session

We are writing to invite you to a drop-in session about the upcoming planned improvement works at your block. The purpose of the sessions is to update you on the plans for the work, how they will be carried out and the likely start date. There will also be the opportunity for you to choose your new kitchen finishes and preferred colours for the communal areas.

We will be holding three sessions on **Tuesday 14 July 2026** in the **St Philip's Church Community Hall, Hawthorn Crescent** and you are encouraged to attend one of the sessions.

The sessions will be held at the following times:

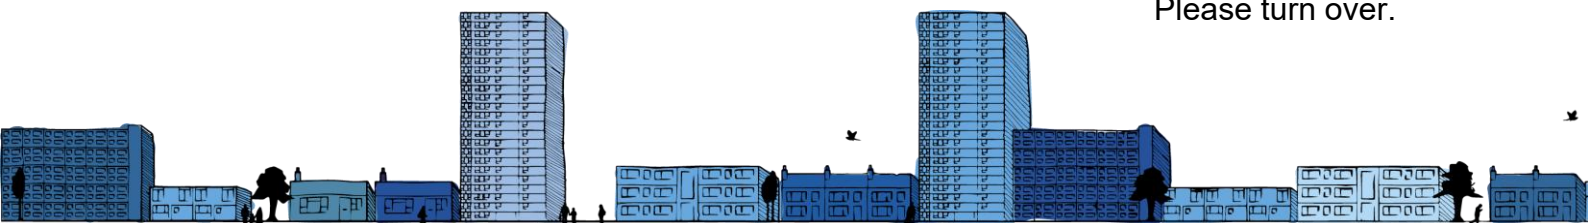

- 10am -12pm
- 1pm - 3pm
- 5pm - 7pm

Refreshments will be provided.

Why do I need to attend?

The work is planned to start in the Autumn this year (September 2026) and may cause some disruption to you in your home, either from the start date or as the works progress. We want to provide you with as much information as possible about the impact it may have, and the support available as the work continues. We also want you to have your say to influence the final finishes for the works to your building and homes.

Please turn over.

If you have any immediate questions, please email our team
decants@portsmouthcc.gov.uk or call them on 07903 877 605.

Yours sincerely,

Mark Fitch
Head of Decants
