4. Most of the qualifying conditions for grant are waived for applications in respect of glebe land or the residence house of an ecclesiastical benefice: see section 95.

A landlord's application in respect of the residence house or the glebe land of an ecclesiastical benefice should be made on the separate form for landlord's applications, obtainable from the Council.

5. A flat is a dwelling, which is a separate set of premises whether or not on the same floor, divided horizontally from some other part of the building.

5A A "qualifying houseboat" is a boat or similar structure designed or adaped for use as a place of permanent habitation which -

- (a) has its only or main mooring within the area of a single local housing authority; and
- (b) is moored in pursuance of a right to that mooring; and
- (c) is a dwelling for the purposes of council tax.

(See the definition of "qualifying houseboat" in section 58).

5B A "qualifying park home" is defined in section 58, It means a caravan which -

- (a) is stationed on land forming part of a protected site within the meaning of the Mobile Homes Act 1983; and
- (b) is occupied under an agreement to which that Act applies or under a gratuitous licence; and

5C Tick the box if the application includes works for the provision of facilities in the common parts of a building containing one or more flats.

A notice specifying works to the common parts of a building, may be served on a person who is an owner of that part of the building (or the building as a whole) who in the opinion of the Council serving the notice, ought to carry out the works.
8. Please give details of all previous grant applications of which you are aware, and of any contribution notified under a group repair scheme (if known to you). Please also mention any minor works assistance and home repair assistance you have received. Previous grant approvals may affect the works for which a grant may be given, and also, in the case of previous approvals of applications made by you, the amount of grant payable.
9. Planning permission or building regulations approval may or may not be required. If you are not sure whether permission or approval is required, contact the relevant department of the Council. Where permission or approval has already been

obtained please enclose a copy with your application.

10. Under section 37(4), payment of grant can be made only against an invoice, demand or receipt for payment for the works, which is acceptable to the Council; and an invoice given by you or a member of your family is not acceptable. Thus, for example, where you or a member of your family carry out the works, an invoice (which can be authenticated) from a third party will be needed for the cost of the materials.

Section 98(1) defines "member of a family" by reference to section 113 of the Housing Act 1985. The definition includes spouses; persons who live together as husband and wife; parents; grandparents; children; grandchildren; brothers; sisters; uncles; aunts; nephews; and nieces.

11. Under section 39, the Council may pay a grant (or part of a grant) either directly to the contractor or by cheque made out to the contractor but given to the grant applicant. The Council can do this only if, before approving the grant application, they informed the applicant that this would or might be the method of payment.
12. Under the Housing Renewal Grants (Services and Charges) Order 1996 (SI 1996/2889), the preliminary or ancillary services and charges which may be included in a grant application are the cost of: confirmation, if sought by the Council, that you have an owner's interest in the property; technical and structural surveys; design and preparation of plans and drawings; preparation of schedules of the relevant works; assistance in completing forms; advice on financing the cost of the relevant works which are not met by grant; applications for building regulations approval or planning permission (including the application fee and the preparation of related documents); obtaining estimates for the relevant works; advice on contracts; consideration of tenders; supervision of the relevant works; disconnection and reconnection of electricity, gas, water or drainage utilities where this is made necessary by the relevant works (but not charges arising from non-payment of bills); and payment of contractors.

The services and charges of an occupational therapist in relation to the relevant works may be included in your application.

If you are unsure whether to include a service or charge in your application, please ask the Council for advice. Please also see note 10 for the documentation that the Council will require from you before they can pay any grant.

13. Under section 29, grant will not normally be paid if you, or anyone acting on your behalf, begin works before you receive written approval of this application. An exception may be made where the Council is satisfied that there were good reasons for beginning the works before the application was approved; but the application will be treated as excluding any works already completed. Where all the works have been completed, the Council is not allowed to approve the application.
16. You can make an owner's application if you own the freehold of the premises or hold a tenancy of the premises with at least 5 years still to run or if you are proposing to acquire either of these interests. If you hold a tenancy with less than 5 years to run, you are not eligible to make an owner's application but you should consider making a tenant's application instead.
17. A landlord's application is an owner's application for works to a house or flat which is or is intended to be let or to the common parts of a building in which a flat is or is intended to be let: section 31(1).
18. You can make a tenant's application if you are the tenant of the premises and the tenancy has less than 5 years still to run. Section 19(5) gives an extended meaning to the word "tenant" – for further information see Note 37.
19. You can make an occupier's application for works to a qualifying houseboat or a qualifying park home if you occupy it, whether as a sole occupier or as a joint occupier with others. See also Notes **5A** and **5B**.
20. These are the "owner's interests" as defined by section 101.
21. If you have exchanged contracts on a purchase, give the date that the purchase is to be completed. The Council cannot approve an owner's application for renovation grant until they are satisfied that you have acquired an owner's interest.
23. If you have answered "No" to questions **2A.5** and **2A.6** you should not be applying for a renovation grant. If you cannot answer "Yes" to one of these questions do not proceed any further with this application.
24. Give as full a description as you can of the proposed works. It will help you to supply plans and in the case of works of improvement or conversion these should be of the property before and after the works have been carried out.
25. Under section 10, the Council may not entertain this type of owner's application for a renovation grant unless they are satisfied that you have had an owner's interest in the dwelling throughout the three years ending with the date of your application. The Council may waive this requirement in a particular case or particular types of case.
27. If you own or intend to buy the freehold of the property, or if you have or are proposing to take a tenancy with at least 5 years of the term still to run, you cannot make a tenant's application. You should instead consider making an owner's application.
31. The disabled occupant means the disabled person for whose benefit it is proposed to carry out any of the relevant works.

Section 100 gives the meaning of “disabled person.”

- 34.** The Council is not allowed to entertain a grant application unless it is accompanied -

 - (b) in the case of a tenant’s application, by an owner’s certificate and another certificate known as a tenant’s certificate (see note **35** and **36**);
 - (c) in the case of an occupier’s application, by certificates known as an occupier’s certificate and a consent certificate (see Note **36A**).

The Council may waive the requirement for an owner’s certificate to accompany a tenant’s application, or a consent certificate to accompany an occupier’s application, if they consider the requirement unreasonable in the circumstances. As regards certificates see sections 21,22 and 22A.

- 35.** Under section 21(2), an "owner's certificate" certifies that the applicant -
- (a) has or proposes to acquire a qualifying owner's interest in the property on which the relevant works are to be carried out, and
 - (b) intends that the disabled occupant will live in the dwelling or flat as his only or main residence throughout the grant condition period or for such shorter period as his health and other relevant circumstances permit.
- 36.** Under section 22(2), a "tenant's certificate" certifies -
- (a) that the application is a tenant's application, and
 - (b) that the applicant intends that he (if he is the disabled occupant) or the disabled occupant, will live in the dwelling or flat as his only or main residence throughout the grant condition period or for such shorter period as his health and other relevant circumstances permit.

36A. Under section 22A(2) an “occupier’s certificate certifies –

- (a) that the application is an occupier’s application; and
- (b) that the applicant intends that he (if he is the disabled occupant) or the disabled occupant will live in the qualifying houseboat/qualifying park home as his only or main residence throughout the grant condition period or for such shorter period as his health and other relevant circumstances permit.

36B. A consent certificate certifies that the person giving it consents to the carrying out of the relevant works. A consent certificate should be obtained from each person who is –

- (a) entitled to possession of the premises at which the qualifying houseboat is moored or the pitch on which the qualifying park home is stationed; or
- (b) entitled to dispose of the qualifying houseboat/qualifying park home.

See section 22A(3) and (4).

- 37.** Under section 19(1)(b) and (5), for the "tenant" means someone who has a tenancy (other than a tenancy with at least 5 Years still to run) and is expressly stated to include -
- a secure tenant under the Housing Act 1985 or an introductory tenant under the Housing Act 1996,
 - a statutory tenant under the Rent (Agriculture) Act 1976 or the Rent Act 1977,
 - a protected occupier under the Rent (Agriculture) Act 1976 or a person in occupation under an assured agricultural occupancy under the Housing Act 1988, or
 - a service licensee (i.e., someone who occupies the dwelling for the better performance of his/her duties as an employee).

Please also see note **27**.

- 38.** Please document your duty and/or power by enclosing with your application a copy of your lease, tenancy agreement or licence agreement.
- 40.** If you have neither a power nor a duty nor your landlord's permission to carryout works to the common parts, you are not eligible to apply for grant for works to the common parts of the building.

If you answered "Yes" to question 3.1 you do not need to answer the remaining questions in **Part 3** (the test of resources). It may help the Council to process your application more quickly if each person who receives income support or an income-based jobseeker's allowance completes the **authorisation** at the end of **Part 3**. Where a couple are receiving a joint-claim jobseeker's allowance, both members of the couple may complete the **authorisation** at the end of **Part 3**. However, there is no obligation to do this, and you may instead go straight to **Part 4** if you wish.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations prescribe a form for applications for grants under Chapter I of Part I of the Housing Grants, Construction and Regeneration Act 1996 to which section 30 of that Act (means testing in case of application by owner-occupier or tenant) applies (save for landlord's applications for disabled facilities grant). The Regulations also prescribe particulars to be contained in such applications.

The Regulations reflect the means test rules for owner-occupiers and tenants contained in the Housing Renewal Grants Regulations 1996 (S.I. 1996/2890). In substance, the form prescribed in Schedule I is principally a consolidation both of Forms 1, 2 and 3 prescribed by the Housing Renovation etc. Grants (Prescribed Forms and Particulars) Regulations 1994 as amended. In appearance, the form differs from those previously prescribed, since a number of questions and notes have been omitted or amalgamated. There are also new questions and notes reflecting provisions specific to the 1996 Act and recent changes to housing benefit rules (the means test for owner-occupier's and tenant's applications for housing renewal grants being closely based on the means test for housing benefit).

By regulation 4, the Regulations do not apply to owner-occupiers' and tenants' applications for grant made before the Regulations came into force.

(c) 1973 c.50; section 2 was amended by section 25 of the Employment Act 1988 (c19).

(d) 1996 c.30; 1968 c.49; section 12B was inserted by the Community Care (Direct Payments) Act 1996 (c.30), section 4.
