For cases where this person or inbox may be unavailable, we strongly recommended you add an **Additional User** (located at the bottom of the screen) so they can gain access to the site and also receive a copy of the emails. All Yellow fields are mandatory

## Managing your Company Details

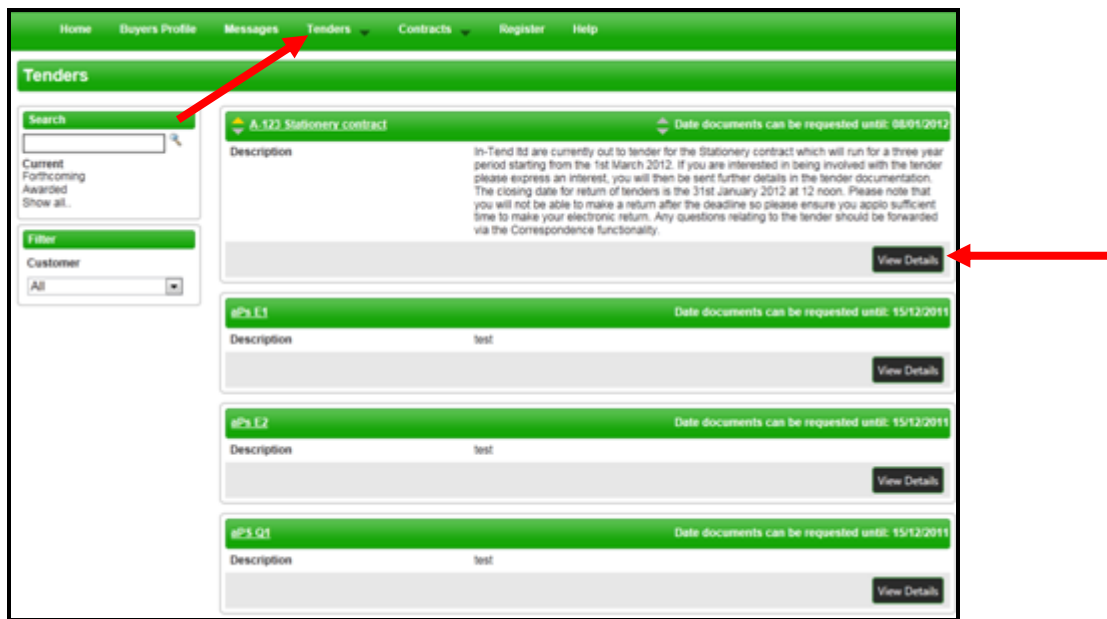

If you need to update your company information you can do this from the **Company Details** section on the top menu bar. From here you can edit/add information regarding the company, contact details, company documents and business classifications.

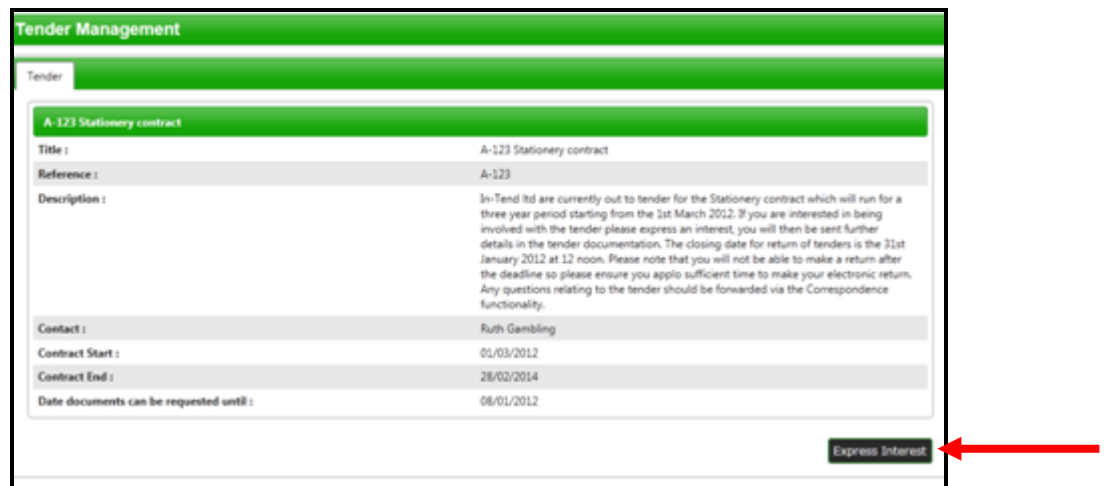

**Please note that it is important that you do keep your details up to date, particularly your contact email addresses as you may miss out on tender opportunities which may be of interest.**

## Tender Opportunities

You will then be asked to either log into an existing account or register a new one.

Once you have expressed your interest you will instantly see an update as to your status in the tender process and it will tell you that your expression of interest is being processed.

Once your expression of interest is received and accepted by the organisation (this may not happen straight away) you should receive an email saying that you have received tender documents and you should login to the secure area of the website to access them. If documents are immediately available, you will be taken straight to the latest tender stage screen.
