Street and House to House Collections

Official return detailing statement of income and expenditure

www.portsmouth.gov.uk

Document Ref: LIC_Street & House to House Collections-6828 Printed August 2009

To be read in conjunction with:

- Charitable collections with a street collection permit
- Promoting a charitable collection from house to house in Portsmouth

Introduction

A promoter of a street and/or house to house collection has a duty to provide information about monies raised from charitable collections. This is done by submitting a statutory "statement of income" to us within 1 month of the collection date(s). This statement must be countersigned by both the promoter and another independent responsible person.

Sometimes promoters will collect for a charitable or other purpose by way of simultaneous street and house to house collection(s). This statement of income can therefore be used to show either:

- The income/expenses for a street collection
- The income/expenses for a house to house collection
- The income/expenses for BOTH types of collection held during the same period.

Further copies of these return forms are available on demand - please telephone us during office hours and we will send them to you.

Warning

Promoters must satisfy us as to the "proper application of the collection proceeds". We may, on occasion, ask you to provide further information to support your statement of income and expenditure.

This is an information leaflet and not a statement of law or how we will deal with each individual application.
