

# THE BENEFITS OF "CHATTING TO SCHOOL"

**WHAT SHALL  
WE DO THIS  
WEEKEND?**

You have five precious minutes with your child with no phones and no TV. Just fresh air and chatter!

How will you make the most of it?

- Tell each other a joke
- Discuss what you will do after school
- Make plans
- Talk about a project, lesson or event that they are working on at school
- A chance to listen to any worries. If your child is worried about something they may drop something into a relaxed and informal chat. This may be something you want to pick up on later in the day when you have more time.

In jokes, secret hand-shakes, knowing all about their best friend. These can all be learnt in five minutes walking to school.

Don't miss out!

**OOH! WHAT ARE  
YOU WEARING  
TO THE DISCO?**

**SHE SAID  
WHAT?!**
