**Please can you tell us any ideas you have for how we could fairly allocate permits in the HC area, we're particularly interested in anything you think should get a priority for permits and anything you think should be restricted from permits?**

Within 'HC':

- Various restrictions on commercial and work vehicles e.g. no permit entitlement at all or for those of large companies / only permit those registered to residents property / higher permit cost (10)
- No second permits at all (7)
- Permit priority (8) for e.g. emergency services/NHS employees, working people, carers, people with special needs, disabilities, families of military personnel
- Only allow permits to vehicles registered to an address in the RPZ (2)

Outside 'HC':

- Various restrictions on commercial and work vehicles e.g. no permit entitlement (at all, for those of large companies, unless they are the residents only vehicle) / overnight and/or weekend prohibitions (43)
- No camper van/caravans/trailers (6)
- Punish inconsiderate parkers/marked bays (4)
- No second permits at all (3)
- Increase cost of second permit (3)
- Two permits per household only (2)

- Permit priority (13) for e.g. elderly persons, emergency services/NHS employees, working people, people with disabilities, people with small environmentally friendly cars, parents with young children, people who live and work in Hampshire.
