## Comment Summary

- Other causes of parking problems raised:
  - Parking related to the school
    - Parents picking up and dropping off children
    - Staff parking
  - Displacement from other zones
  - Parking related to use of the park for sports, recreation and leisure
  - Parking of large vehicles such as work vans and motorhomes in residential roads
- Only 49% of residents indicated that they have a parking problem:
  - Many residents then conversely commented that they did not want permits due to not having a parking problem
- Some residents are concerned that they may experience parking problems if the Bransbury Park leisure/sports centre development goes ahead in future
- Many comments were negative towards paying for permits, especially if they do not currently experience parking problems
- Parking problems are mostly caused by households in the area having too many vehicles, commercial vehicles used by local residents and businesses and short-term parking problems caused by the school. (These are not issues that a parking zone would resolve to the extent residents might anticipate, as some commercial vehicles are entitled to permits, and school staff are eligible for permits as key workers).
