

Review of polling districts and polling places 2022

The current polling scheme

This document sets out the current polling places designated for each polling district. Also included is the number of electors allocated (excluding postal voters) at the recent City Council elections on 5 May 2022.

When designating polling districts and polling places, the Council must ensure that:

- (a) The scheme provides all electors with such reasonable facilities for voting as are practicable in the circumstances, and;
- (b) As far as is reasonable and practicable, the polling places are accessible for all electors, including those who are disabled, and when considering the designation of a polling place, the council must have regard to the accessibility needs of disabled persons

In addition, there are a number of practical issues that must be considered including the availability of suitable venues.

As part of the review process, the council must seek the views of the Returning Officer. Accordingly, the Returning Officer will publish a comments and proposals document on Monday 11 July. This will include some proposed amendments to the current scheme.

The council welcomes views or comments from any electors within the authority area or any other interested person or organisation. Any comments or proposals should be sent:

By post to: Election Services, Civic Offices, Guildhall Square, Portsmouth, PO1 2QR

By email to: elections@portsmouthcc.gov.uk

If you are proposing a change to the existing arrangements, please provide details of your proposals and the reasons why this would be an improvement on the current arrangements. Representations must be received by 5.00pm, Monday 15 August 2022.

All submissions, relevant correspondence and decisions relating to the review process will be made available for public inspection and will be published on the council's website. For further information about how we use personal information, please see our privacy notice:
